Diversity: Broadcasters and Creative Diversity Network (CDN) are monitoring diversity on UK television through Diamond. We have a legitimate interest to collect diversity information about our industry, and if you provide us with your name and email address we will enter this in a system called Silvermouse and you will be invited to provide your diversity characteristics. The broadcasters and CDN, as data controllers, are responsible for this data and will retain your name
and email address for this purpose in Silvermouse for as long as diversity is monitored by them. We also collect information about how viewers might perceive diversity on screen. Further information about Diamond can be found here:
